

### **REMARKS CONCERNING THE AMENDMENTS**

The above amendments have been made in an effort to more clearly define the present invention and to respond to issues raised in the OFFICE ACTION mailed on MAY 23, 2005 and supplemental to the Amendment mailed 21 June 2005, which was found to have left an error in claim 14. That error is corrected by the present amendment

All pending claims except for claim 14 were allowed, and claim 14 was objected to.

## REMARKS CONCERNING THE OBJECTIONS

The above amendment has been made to more clearly define the present invention and to respond to issues raised in the Office Action. Applicant respectfully submits that the above amendments place the application in condition for allowance. All claims now depend from an allowable claim, and all claims should be allowed.

Claim 14 was amended to be an independent claim. Claim 9 was amended to indicate allowable substitution of position 13. **Examples 1, 2, 3 and 4 of the present application show substitution on the 13-position.**
